***Concert Dance Division – ages 12+**

For students interested in a focused study experience in dance, and those preparing for future careers in dance and performing arts. Level placement is based on demonstrated technique and proficiency, not years of experience. Level placement for other forms is based on ballet level placement. Due to its serious nature, and the potential for physical injury, pointe is not an automatic progression for any level. Students are evaluated individually based on foot and ankle structure, posture, strength, and alignment.

Participation in the Senior Performance Ensemble is open to all dancers in this Division (as well as Level 3X dancers) without audition. Participation in the Studio Company is by audition in the spring for the upcoming school year season, and requires attendance to a weeklong Summer Intensive.

These class groups participate in our June recitals and perform both nights, with the exception of the Performance Ensemble and Studio Company groups. Due to their increased performance opportunities through the year, they do not perform separate pieces in the recital.
